# Brain Injury Alliance VERMONT

Dear Friends,

The leaves and mud are now covered by a fresh layer of the beautiful white powder of our first big snow of the season. Its wild to think that we are in December and are just now really seeing snow and the possibility of it sticking around.

With that being said, winter can be a rough time for many. If you are in need of resources in your area, please give us a call, send a text, or email and we are happy to help you find resources in your area.

With the fresh new powder on the ground, BIA is happy to announce a new program for vererans who are brain injury survivors. More information about that is below, as well as updated information on our annual conference and a new date for our in person support group!
