Neuro-Resource Facilitation Program Ended

As many of you may have heard, our beloved Neuro-Resource Facilitaion (NRF) program has ended. Our NRF program helped over 200 Vermonters since the start of the program in 2022. With the loss of this program we have also lost our resident experts, Ashley and Beth. Beth has decided to stay on as a volunteer helping us transition as well as help us find funding and do what she does best, support and advocate for BI survivors.

The loss of this program has been detrimental to our organization as well as those of you who utilized this program.

If you have utilized our NRF program, please consider participating in the NRF satisfaction survey linked here: NRF Satisfaction Survey
